Dearest Fred We watched
with satisfaction as you failed to steal
vast areas of public land, on top of the
vast areas you've already hoarded. We hold a
place for you here in the eternal fire. We are
quite sure you will not repent. On the day of
judgement we will receive you here in the abyss,
to be placed among the worshipers of Mammon,
to become one with us, multitude, burning forever.
You belong with us, here
in the darkness, abandoned
by god.
